

MATERIAL (COLORS AND DECORS) Mat-L019_ME_EN - 12.08.2023 - www.vs-furniture.com

**Chipboard:
L019 plain black (≈ NCS S 9000-N).**

The following materials are used for the production of table tops and carcass furniture:

Three-layer fine particleboard E1 is coated on both sides with melamine resin or laminate decor and complies with DIN EN 312.

Medium-density fibreboards (MDF) are particularly suitable for cut-outs and profiled edges. The boards are melamine resin decor-coated on both sides.

Warning: Print and monitor representations of materials and colour samples may differ from the original and are not binding in terms of colour.
